We Wish You A

*'Tis the holiday season
and for that very special reason*

*We at Sears extend to you
our hope that all your wishes come true.*

*Of course, the best things are free
like love from your friends and family,*

*But we all have our dreams too,
that we secretly hope will come true,*

*So we've asked your friends from Disney—
Christopher Robin, Eeyore, Winnie*

*The Pooh, and a whole lot more—
to tell you just what they're wishing for!*

*But of course, you will admit
a wish can't come true 'til you wish it,*

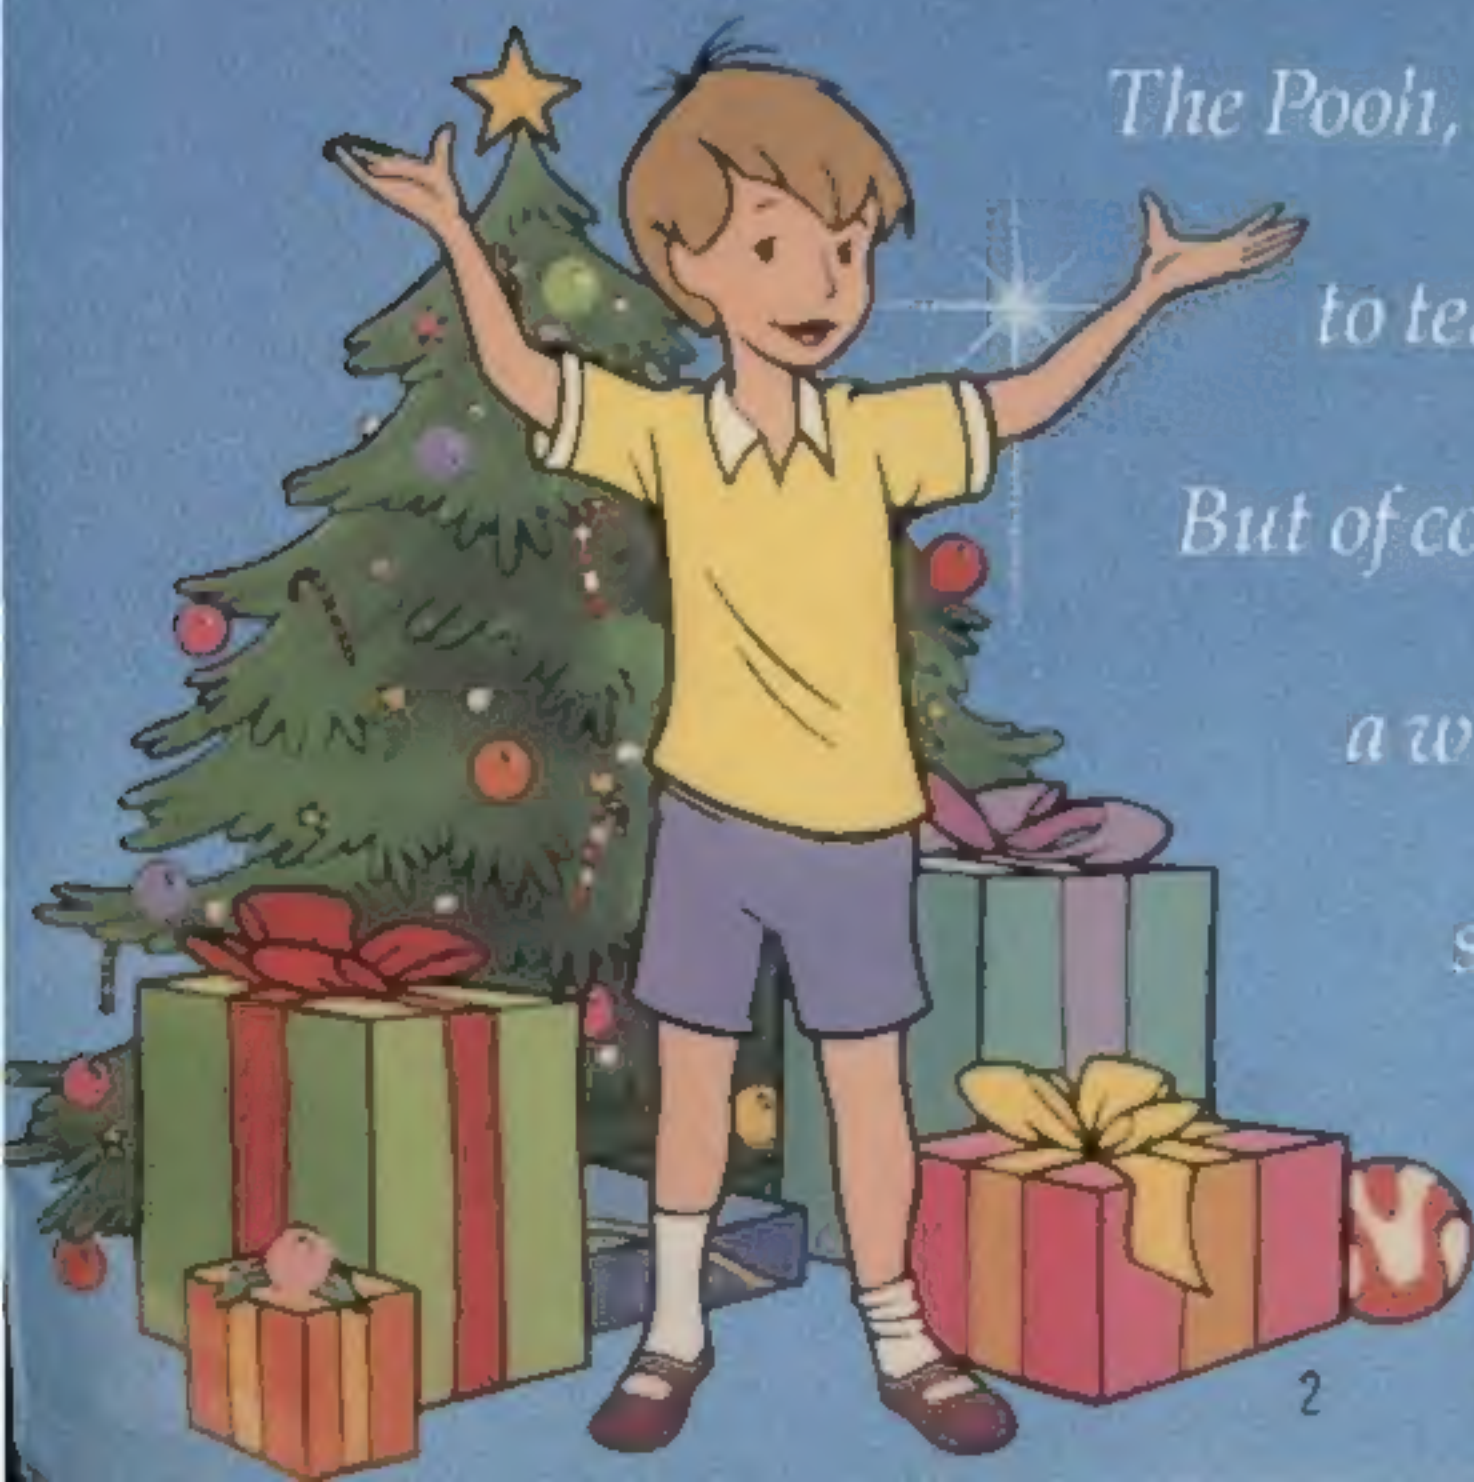

so turn the pages and look

for your Disney pals inside this book!

Where do wishes
come true
for girls and boys?
In the
Sears Wish Book...
over 275 pages
just for kids,
including

for toys...
starting on page 307.

FARAH

Home for the holidays.

It's been said that the arrival of the Sears, Roebuck and Co. catalogue was like Christmas itself for many over the past hundred years. A treasure trove of merchandise, a glorious presentation of new products and ideas, all within easy reach—the catalogue surely set many to wishing and dreaming. Today, we present our fundamental fashions pictured herein with our heartfelt wishes for holiday good cheer.

"Our line of pants are cut large and roomy," we promised back in 1908, hastening to add that they were "very neat appearing" and "not too baggy."

OUR HANDKNIT SWEATER IS AN ORIGINAL WORK OF ART.

HOME DELIVERY...MAILABLE ORDERS

Save-A-Trip and save time with home or office delivery. For a little more than store pickup charges we'll send any mailable order direct to your home, office or anywhere else you request in the continental U.S. Just say "Charge-it." On Credit orders, Sears adds delivery charge to your account. Or if you prefer, you may pay in advance (including shipping and handling plus tax based on item's destination). Deliveries are made by the United States Postal Service (USPS) or United Parcel Service (UPS). Use the rate table below for all merchandise except items with catalog numbers having an "N" at the end (see Unmailable Orders below). Catalog numbers having a "K" at the end are mailable to all states except AL, HI, PA, TX and Puerto Rico, where they are unmailable. To determine charges, add the weights of all items (except "N" suffix or "K" suffix in specified states) and find the charge for the total.

HOME DELIVERY...UNMAILABLE ORDERS

Items indicated with a "K" suffix (such as 9-7772K) means that this item is mailable to all states except AL, HI, PA, TX and Puerto Rico, where it is unmailable. Items indicated with an "N" or "NH" suffix (such as 37-234N) means that this item, if shipped directly to your home, is sent by motor carrier. (See non-Sears truck information pages in our General Catalog for estimated rates.) It may be more economical to have these items sent to your local selling unit for pickup or redelivery to your home. Contact your local Sears selling unit for charges.

PICK UP YOUR ORDER AT ANY OF OUR MORE THAN 3000 LOCATIONS

We will notify you when your order is ready. Use your Sears credit card or you can pay when you pick up your order. For bulky or unmailable items, redelivery service from the selling unit may be available for an additional charge. Compare rates for the most economical method.

MERCHANDISE QUANTITIES

We make every effort to stock enough merchandise to fill all orders. Our policy on out-of-stock merchandise is explained in our General Catalog. The merchandise offered in this book is stocked in quantities intended to accommodate only individual or family needs. Therefore, we reserve the right to limit quantities in order to properly serve all our customers.

PAYING FOR YOUR ORDER

The fastest and easiest method of payment is SearsCharge or Discover® Card. Today's A.S. to say CHARGE IT! To apply for SearsCharge only, CALL TOLL FREE 1-800-323-3274. Or see the SearsCharge application on pages 304E and 304F.

Payment with Mail Orders can also be made by check, bank draft or money order for the amount of merchandise cost, delivery and handling and applicable state and local taxes. You can get a money order from your post office, express agent or mail carrier (if you live on a rural route). Do not send stamps, coins or paper money.

C.O.D. Orders are accepted only for merchandise that is sent from a Catalog Merchandise Distribution Center to a Sears Selling Unit for redelivery to your home (if available). If your order is sent directly to you, use your Sears Credit Account. When ordering in person, you may also pay in advance. When ordering by mail, you may also include check or money order to cover all costs.

REGARDING OUR CATALOG PRICES

Our lowest current price policy. No matter which Sears catalog you order from, if the item you order is on sale in another regular Sears catalog, we'll fill your order at the reduced sale book price. It's automatic "Clearance" or "Catalog Outlet" prices are excluded from this policy.

Following the policy in effect since our founding in 1886, prices quoted in Sears catalogs do not include (unless stated otherwise) charges for handling and shipping of goods from our Catalog Merchandise Distribution Center to a Sears catalog selling unit for pickup or for redelivery to your home. The shipping and handling charges may differ depending on method of shipping. Information on how shipping weights are determined and details on shipping and handling charges for shipping by non-Sears truck can be obtained from the customer information pages of our General Catalog. Rates for USPS/UPS are at left. Specific details on charges for handling and shipping to a Sears catalog selling unit for pickup or redelivery (if available) can be obtained from the unit, either at the counter or over the phone. Comparative pricing statements made in this catalog refer only to prices on merchandise offered nationwide through our own catalogs. Catalog merchandise prices and assortments may vary from those in our Retail Stores. If an item description in this catalog does not include our "was" price or any other basis for savings, that item is offered at our regular low price. A Special Buy, though not reduced, is an exceptional value.

I wish I had, I wish I had...

A telescope for close-ups of planets and stars, or a collecting kit to study bugs in jars!

I'd like cars to race, planes that dive, guitars and drums that make music—live!

Or an engine model—to show off my skill—and some new video games... what a thrill!

Will I get this great stuff? I really don't know... but I sure hope wishing will make it so!

(If wishing on stars doesn't work for you, come to Sears Land... where wishes come true!)

The glorious beauty of the

Nativity

Skillfully handcrafted by Lepi of Italy,
it's an exquisite collection you'll hand
down from one generation to the next.

Marvel at the penetrating detail given each piece, from the intricate wings of the cherub to each one of his ten perfect toes.

You'll find yourself fascinated by every corner of the crèche: a touchingly realistic innkeeper, as well as every exterior detail.

Each piece of this exquisite set is handcarved, following the original design of the master carver, Robert Rendi of Italy.

Each figure is handpainted with artisan's care that will make this set cherished and valued as an heirloom.

1 and 2 A collection of inherent beauty, this radiant recreation of the Nativity contains figures from one of master Italian carver Rupert Reindl's most famous works.

About the artist: Rupert was born in South Tyrol, Italy in 1908, the son of a carpenter. At an early age, he was apprenticed to famous carver, Romed Speckbacher, to whom he remained a faithful craftsman for 20 years. During this time he also studied drawing and modeling at the "Staatsgewerbeschule" in Innsbruck and trained in Nuremberg.

Today Rupert works from the carpenter's bench in his own home, still working from morning 'til night to create some of the most beautiful and touching wood carvings in the world.

This particular Reindl collection was created for LEPI of Italy where it is handcrafted and hand painted by master artisans.

It's the Triton Table Tennis Workout System! A great new machine that is a lot of fun and actually helps you become a better player. Here's how it works. The control panel mounts on your end of the table. It lets you vary the ball speed, frequency and speed of sweep. On the other end, you mount the system itself. From there you vary the loft, spin on the ball and width of sweep. The backstop net catches your returns and feeds them back into the unit so you have constant play. You'll be amazed at how well it plays. Whether pro or beginner, you can set it to your own skill level. It simulates practically every shot you encounter in a real game situation, and is probably more competitive than most of your opponents. Once you get moving, you really get an aerobic workout! Your pulse goes up, your breathing increases and you get your feet moving. It's really a fun way to get some serious exercise. Set up is fast and easy, and unit packs compactly for storage.
